

CUSTOM-BRANDED TV CHANNELS

Your brand. On the big screen.

We build your own TV channel app on Roku, Apple TV and Amazon Fire TV, so your videos, live streams and brand live in the lounge room, not lost in a feed.

Zaffarology, built by Launch TV · now live on Roku

Done for you

designed, built, hosted and submitted

How it works

01

Plan

We map your content, brand and audience into a channel format.

02

Build

We design, build and submit your branded app to the TV stores.

03

Launch

You go live with streams and on-demand video in every lounge room.

Simple, transparent pricing

One-time setup fee + **\$349/month** CDN hosting. AUD, ex GST. No long-term contracts.

ROKU
